

Scarning VC Primary School
School Improvement Development Plan: Equalities
School Year 2019 - 2020

Context	Objective	Actions (e.g. training, inset, cost, who?)			Desired outcome	Evaluation
		Autumn	Spring	Summer		
<p>Last year's Equalities plan focused on reducing PRI's. This was broadly successful, but school would benefit from this year's Eq plan being a force for positivity.</p> <p><i>This year's plan emanates from an observation from a parent that they felt there could be more opportunity for her child's heritage to be recognized and celebrated.</i></p> <p>The objective will be against a background where we celebrate our shared values and seek to build shared knowledge and understanding.</p>	<p>To give every child in the school an opportunity to celebrate their own individual story and heritage.</p>		<p>Plan the summer 'heritage'* week</p> <p><i>(To consider becoming part of the School of Sanctuary network and using their June development week as way of achieving our summer aim.)</i></p>	<p>Dedicated week to celebrate our individual children's heritage and stories within our framework of school values.</p>	<p>All children have had an opportunity to, if they wish, to tell their story: this may be the background to their family; a particular circumstance in their life; or just something they wish to share.</p> <p>The diversity of background and experience is celebrated in a profound and lasting way.</p>
