Dear Parents / Carers,

RE: Home Learning Update

I am just writing a short letter to say thank you for all your feedback and support in helping us put in place a revised home-learning offer as swiftly as possible. The current situation is far from ideal, and will look very different from family to family, but as a school we really do appreciate all the efforts you are making as parents and carers when managing and navigating the home learning set. From our point of view, overall we feel things are working very well, and we have been thrilled with the engagement from the pupils so far. As ever, we appreciate all feedback, and much of what has been put in place is in response to feedback from the last round of school closures. Should you wish to share your views, please do email your class teacher, Mr King, or myself at showell5erm@nsix.org.uk

Many of the teachers and staff at school have their own children and it has been made clear when sharing their own personal experiences how tricky things can be. As ever, I am keen to stress that we appreciate the uniqueness of every single family situation, and are here to help should there be any further support we can offer you.

We understand that many of you are working throughout the school day, so please understand you are not alone in this, and please be reassured that we understand and completely appreciate the complexities of this.

We also understand that sometimes it is easier to reach out to us outside of the usual school working hours due to how busy things can be during the day. We will always aim to get back to you as soon as possible, but this unfortunately may not be until the next day if responding to something sent in the evening. That said, again, please know we will do all we can to support you over the course of this half term, and please do get in touch with any observations, concerns or thoughts.

I would like to finally reiterate my thanks to you for everything that has taken place so far this term, and I would also like to thank the children for once again displaying such excellent enthusiasm and resilience in adapting to a very different way of learning.

As a school, we are very much looking forward to opening our doors fully again in the near future, but in the meantime send our best wishes and hopes for everyone in our community to keep happy and safe.

Kind regards,

Stuart Howell

Deputy Headteacher
