RE: Home Learning

Dear Parent / Carer,

May I start by wishing you all a happy new year. We at Scarning Primary School are looking forward to the new term and all the exciting and fun learning that will be taking place. Already this morning there has been a whole range of interesting activities- from children immersing themselves in their new class stories, to pupils creating mazes with cardboard boxes and classes learning raps in music!

Unfortunately, the presence of the virus means some pupils may have to isolate at home at times. Please can I take this opportunity to remind you that should your child need to isolate, home learning – relevant to the learning taking place in class that week- can be accessed via the school website.

It can be found by clicking on the home learning tab on the left hand side. From there, you should find each year group's folder with the various activities provided.

As ever, reading continues to be one of the most powerful, important, and hopefully enjoyable activities that can be done from home so please do prioritise this too.

If you have any questions regarding home learning, please do contact the school office or your child's teacher who should be able to support you. We hope that a need for such a thing is short lived, but equally will endeavour to support our pupils and their families the best we can should they have to self-isolate at home.

Kind regards,

Stuart Howell

Deputy Headteacher
